# Table Talk

September 2020

To our members at Table Mountain Golf Club, it's very unfortunate that we are suffering from the heavy smoke in the valley due to the forest fires in our immediate area. In time and the cooler weather just around the corner, these fires will be extinguished. If you plan on playing golf be sure to protect yourself by wearing a mask. There are fine ash particles in the air, be safe.

We will continue to implement SDR (social distancing requirements) at the Club until this Covid-19 virus in our County dissipates to lower levels set by our Governor. With this being said we will continue minimal service in the Bar and Grill area and only single individuals in the Pro shop, until our restriction levels lower in Butte County. I appreciate our staff for doing their part in keeping the Bar and Grill, Pro Shop and carts sanitized for our patrons use.

Todd Moran and his staff have done a great job orchestrating and delivering an SDR program that allows the Golf Club to continue to remain open for our membership, as well as for outside play. It's our goal to continue to keep all patrons safe and playing the game of golf, which is essential to our mind and bodies.

As everyone can see the golf course is in very good shape. Teeing areas, fairways and the greens are in the best shape during this very hot summer. We will continue this trend and thanks to our Superintendent Alejandro and his staff, they are doing a great job preparing a golf course for our membership. So, if you see one of the grounds crew, thank them for their efforts and keeping the course maintained during the hottest time of the year.

During your time out on the golf course notice the small but needed improvements being completed out on the course. We refurbished one of the maintenance buildings to keep it secure, we installed a barrier to assist protecting the solar panels from being damaged, and we repaired sections of the cart paths to provide a smoother surface. We will continue to make improvements, with the help of very proactive Board of Directors who are involved and want to see continued improvements at Table Mountain GC.

President of your Board of Directors,

**Roberto Esparza**

# UPCOMING EVENTS

## September 2020

Kelly Ridge Ladies Club	Tuesdays, September 1, 8, 15, 22, & 29	9:00 am TT
