Table Talk

JULY 2021

Here we are jumping right into summer and it has been extremely hot. With the high temps and our state opening up, we have put water back in the coolers on the golf course. We also have the beverage cart running on Fridays, Saturdays and Sundays. Make sure you stay hydrated.

Merchandise is coming into the shop slowly but surely. This has been a difficult year getting golf merchandise. The vendors we deal with have been having problems getting supplies in to provide their product to all the golf courses. We have had some clubs that were scheduled to be here in March and will not arrive until August. The product we get in does not stay on our sales floor for long. So, if you see something you like we suggest you purchase ASAP.

When you are playing we ask that you please repair your ball marks on the greens as well as a few others. The greens are in great shape and we want them to stay that way. We are working on the bunkers. The bunkers lack sand and when we irrigate the greens and surrounds, the sand that is in the bunkers gets wet and will become hard once the hot sun hits them. The bunkers need to be renovated due to the terrible drainage system in the ones we have now. Once we add sand the sand washes away through the bad drainage. This is a project that is very expensive and we need to address at some point.

Summer Junior Camps have begun. Next camp date is July 12th through the 15th and the August camp in schedules for the 9th through 12th. If you cannot make the camps then schedule a private lesson or a group lesson with PGA Professional, Mike Nogavich.
