TABLE MOUNTAIN GOLF CLUB, INC., Oroville, CA 95965

On the Course

This has been a very hot summer so far this year and it appears it'll continue into the fall months. I don't know about you, but I'm looking forward to some cooler weather and hopefully some needed rain in our North State.

Fall aerification is scheduled for September 22 nd and 23 rd so please be patience as the greens recover during the next four weeks after aerification. Right now our greens are hurting a bit due to a fungus on some of the greens. We are combating the problem with the correct applications which kills the fungus on the greens. We are also adding nutrients to increase the recovery process in the damaged areas on the greens. Hopefully you've noticed the fairways are much greener now and the golf ball is resting on a better playing surface. We've had serious irrigation issues due to poor voltage getting to the irrigations boxes, the lack of voltage will not allow the sprinkler heads to activate properly at night when we are applying water to the golf course.

We are having delays on the arrival of several pieces of important equipment. New range cart, John Deere sprayer, fairway mower and parts for some of our old pieces of equipment. These items we've purchased are to help keep our golf course maintained and operating properly.

We have several course projects in the works. Rocks will replace the older railroad ties on the left side hazard on hole #7 par three. Rocks will replace the older railroad ties on #17 par four black and blue teeing area and we removed the rail road ties from the white teeing areas on #1 and #10 tees. Please avoid stepping into newly seeded areas around the edges of teeing ground.

The Bar and Grill received newer furniture thanks to the "Friends of the Golf Course" and it's improved the look and much more comfortable seating for the patrons. We are looking into replacing the carpeting in the Bar and Grill this winter. This will really give the dining area a much nicer look.

I would like complement Todd Moran and his Department Managers and staff for their excellent work this past summer. Their efforts have helped the Corporation continue operate successfully and help provide services to all of our membership and patrons who visit our facility.

President, Board of Directors at TMTGC

Roberto Esparza

September 2022

Don't Miss Out

Ryder Cup on September 17th and 18th. We have struggled over the years in getting players for the Ryder Cup. Needless to say, this could be our final Cup. We typically do it in the Spring but have decided to replace the Cup with a Men's Invitational. Our Ladies do one of the best Invitational's in the North State and maybe the men can follow in their footsteps.

Oroville City Championship. This will be played on October 15th & 16th. This is open to everyone. We invite Men and Women to participate every year. If you have friends at other courses now is the time to invite them to come play in our great event. The greens will be in great shape as they will have recovered from the aerification. This will be a 36 hole medal play event and we will have many flights depending on the number of players.

We look forward to seeing you at the course.
